Rationale for Collective Worship – We consider collective worship to be an integral and essential part of our whole school Vision, ethos and curriculum. It is broadly Christian in nature and inclusive of all pupils. It is a time when the school community can express itself and develop spiritually both as a group and individually. Each half term we use our gateways to guide us through a set of underpinning Christian values. We use the Roots and Fruits Christian values and our School Gateway values to ensure our values led approach to worship is intertwined and linked to our curriculum.
